FOR IMMEDIATE RELEASE

MEDIA RELEASE

The Greens The Entrance

Monday 2 March at approximately 11.45pm NSW Fire Brigade and NSW Police attended The Greens The Entrance at Warrigal Street, after reports of a fire. We are thankful there was no one on the premises at the time of the incident and the emergency services were able to extinguish the fire.

We are currently investigating and working with the relevant authorities to assess the situation. During this time, the Club will temporarily not trade. We will provide further updates as more information comes to hand.

As always, our focus continues to be on the safety of our members, team members and The Entrance community.

Mingara Leisure Group Chief Executive Officer, Paul Barnett, said “we are grateful no one was on the premises at the time of the incident and our attention is on supporting our local community, members and our team.”

The Greens The Entrance has been an integral part of local community since 1939, founded on providing locals with recreational facilities, a place to gather and a hub for lawn bowling in the region. The Club was one of the first Bowling Clubs on the Central Coast with a long history of supporting the Entrance Community.
